Also complete this part to provide any additional information. See instructions.

Part I - Additional Supplemental Information

Grant Application Process - Panthera makes grants via two processes; one is our open application grant programs (see Panthera Grants and Awards), the other is providing grants to established partners in conservation generally used within species programs.

Panthera Grants and Awards:

Application Process - The Winston Cobb Memorial Fellowship and Friedman Cheetah Conservation Grant have one cycle each year whereas the Kaplan Graduate Award, the LCAO Jaguar Research Grant Program, and the Small Cat Action Fund each have two grant cycles a year.

An applicant is eligible to apply if their project proposal meets the criteria listed on our website for one of our grant programs. Grant proposals must be submitted to Panthera via an online grants management system Foundant. At the close of grant rounds Panthera will send grant application receipts to all applicants.

Grant proposals are reviewed internally by staff consisting of Panthera's President and species Directors. This initial review process removes proposals which do not satisfy the application criteria and selects proposals for further review. From this point, all proposals are reviewed by at least one and typically two Panthera staff members. The staff members will, if deemed appropriate, utilize the external members of our Scientific Council and other external experts to assist us in those areas where we may not have the necessary level of expertise to fully evaluate the grant application. In the case of the Small Cat Action Fund, all proposals are additionally reviewed by the Co-Chairs of the IUCN Cat Specialist Group.

Part V Supplemental Information

Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part I - Additional Supplemental Information (continued)

Following the review process, the funding decision is made by selected staff taking into consideration available funding contained in our budget and prior commitments.

Each approved grant recipient signs a Panthera Grant Agreement that will, among other things, specify the term and amount of grant; require that the project involves exclusively charitable, educational or scientific activities that are described in Section 170(c)(2)(B) of the United States Internal Revenue Code of 1986, as amended (the "Code"); and set forth reporting requirements and accountability over funds. In addition, the contract includes appropriate wording relative to the Foreign Corrupt Practices Act.

As part of the grant process we require the following information:

1. Organization's EIN for all organizations and social security number if an individual that is a USA citizen is being paid for a service.
2. Organization's tax exempt IRS letter or, if a foreign entity, the comparable letter from that country.

Once a contract is executed the funds are sent to the grant recipient via check or wire transfer following the normal cash disbursements process. Generally, all payments to foreign accounts are made by wire transfer.

Record Keeping - In addition to our online management system Foundant, a grants folder is maintained on Panthera's shared drive; together these two locations store grantee information including the Letter of Interest and/or application; grant approval letter; Panthera Grant Agreement; budget; and reporting data.

Part V Supplemental Information

Provide the information required by Part I, line 2 (monitoring of funds); Part I, line 3, column (f) (accounting method; amounts of investments vs. expenditures per region); Part II, line 1 (accounting method); Part III (accounting method); and Part III, column (c) (estimated number of recipients), as applicable. Also complete this part to provide any additional information. See instructions.

Part I - Additional Supplemental Information (continued)

Grant Monitoring - Grantees are required to submit an Interim Narrative Progress Report within 30 days of the six month anniversary of the beginning of the term and a Final Narrative Progress Report upon completion of agreed upon activities within 60 days of the one-year anniversary of the beginning of the term.

If the grantee has not submitted a required report within two weeks of the due date, Panthera will contact the grantee directly. If the grantee fails to submit a narrative or final financial report, consideration for future funding will be compromised.

Grantees will also submit interim financial accounting of project expenses within 30 days after the six month anniversary of the beginning of the term and within 60 days of the one year anniversary of the beginning of the term. Grantees are not required to provide specific receipts; however, reporting requires comparison of the actual expense to the approved budget (the details of which are evaluated as part of the approval process).

Finance Monitoring - The Finance Department maintains Excel worksheets relating to all grants or awards made by Panthera during the year. A separate schedule is maintained for: 1) Grants/awards to US organizations; 2) Grants/awards to US individuals; 3) Grants/awards to foreign organizations; and 4) Grants/awards to foreign individuals. The entries are made to the appropriate worksheet at the time of recording the transaction in the general ledger. At the end of each month, the total of all grants/awards is reconciled to the general ledger. These schedules serve as the basis for federal tax return Form 990 schedule preparation.

A long-term compensation arrangement is in place for both the current CEO and the former CEO (now Chief Scientist) based upon a written employment contract established by the Board and CEO at the time of initial employment. The CEO's compensation is established annually based on job performance, salaries paid by comparable tax-exempt organizations based on publicly available information, including other organizations' Form 990 filings, discussions with others with knowledge of salary levels and such other information as deemed appropriate to arrive at an appropriate salary. The Compensation Committee, after the review of such information, establishes the CEO's overall salary level taking into consideration base pay and other salary benefits.

Part I - Line 4b: Effective January 1, 2010, Panthera became the sponsor of a non-qualified deferred compensation plan ("457(f)"). Under the plan agreement, Panthera is required to only fund the nonqualified deferred compensation 457(f)

Form 990, Part I, Line 1 - Organization Mission or Significant Activities

Panthera Corporation is a not-for-profit wildlife conservation organization incorporated in the State of Delaware. Panthera Corporation has a controlling and economic interest in a number of foreign not-for-profit entities, together known as "Panthera". Panthera's mission is the conservation of the world's 38 wild cat species, many of which are endangered or threatened. Panthera develops, implements, and oversees wild cat conservation strategies on a global scale. Panthera's large scale initiatives with tigers, lions, snow leopards, jaguars, pumas, leopard, cheetahs, and other species currently span four continents. Panthera conducts critical research, enacts effective conservation measures, works closely with the world's top cat biologists, various governments and related agencies, local and international non-governmental organizations ("NGO's"), assists and trains felid biologists, and educates the local and international populations as to felid conservation. Field work is performed in North America, South America, Africa and Asia in numerous individual countries.

Form 990, Part III, Line 4d - Other Program Services Description

SNOW LEOPARDS - Panthera developed a state-of-the-art global range map and database of snow leopard habitats and helps delineate critical conservation units and identify prevailing threats. Using the database to target populations that require conservation, Panthera's efforts are geared towards a range-wide approach in conserving snow leopards. (\$986,257)

Form 990, Part III, Line 4d - Other Program Services Description

INTEGRATED CONSERVATION PROGRAM - The Integrated Conservation Program (ICP) works in support of Panthera's flagship species conservation initiatives, improving communication and coordination among the organization's staff operating around the world. Currently, the ICP team is primarily focused on, (i) the development and dissemination of conservation technologies, such as wildlife camera traps, (ii) site security and related anti-poaching initiatives in Asia and Africa, and (iii) advanced geospatial analyses that serve to quantify Panthera's collective conservation impacts around the world. (\$902,075)

SCHOLARSHIPS AND AWARDS - Panthera provides scholarship, research and project funding awards to post-graduate students in advanced degree programs, and research and conservation awards to individuals and organizations implementing conservation projects on wild cats. Panthera, in conjunction with the American Museum of Natural History, developed a global felid genetic database to understand the impact of large scale genetic issues impacting felids. (\$817,132)

LEOPARD - Panthera seeks to reduce the widespread traditional use of leopard skins by the Shembe Nazareth Baptist Church in southern Africa. In addition, Panthera has established a network of surveillance sites across South Africa and neighboring countries to monitor changes in key leopard populations. (\$779,768)

CHEETAH - Panthera aims to protect cheetahs by addressing direct threats to them, their prey base, and their habitats. To do this, Panthera gathers critical ecological data by surveying and monitoring populations and their prey, collaborating with local law enforcement officials and partners, and working with local communities to mitigate conflict and create cheetah-positive landscapes within
